

What you need to know about Nebraska's smoke-free air law.

Beginning June 1, all indoor workspaces and public places—including restaurants, bars, and businesses—will become smoke-free.

The new law will help protect employees and customers from the harmful effects of secondhand smoke.

Violation of the Nebraska Clean Indoor Air Act is a misdemeanor subject to fines. Both the individual and the business or establishment can be fined under this law.

For more information about the new law, visit:

smokefree.ne.gov

Are you ready to quit smoking or chewing tobacco?

Call the toll-free Nebraska Tobacco Quitline at 1-800-QUIT-NOW (1-800-784-8669) for free counseling and support services. Information is also available on the Web at www.dhhs.ne.gov/tfn/ces.
